Please provide any additional comments about the information provided above:

The GPA for students who completed is their graduate GPA, because this is a graduate program.

Section I.c Enrollment

Provide the number of students in the teacher preparation program in the following categories. Note that you must report on the number of students by ethnicity and race separately. Individuals who are non-Hispanic/Latino will be reported in one of the race categories. Also note that individuals can belong to one or more racial groups, so the sum of the members of each racial category may not necessarily add up to the total number of students enrolled.

For the purpose of Title II reporting, an enrolled student is defined as a student who has been admitted to a teacher preparation program, but who has not completed the program during the academic year being reported. An individual who completed the program during the academic year being reported is counted as a program completer and *not* an enrolled student.

[Additional guidance on reporting race and ethnicity data.](#)

Average number of clock hours required for student teaching	600
Average number of clock hours required for mentoring/induction support	0
Number of full-time equivalent faculty supervising clinical experience during this academic year	2
Number of adjunct faculty supervising clinical experience during this academic year (IHE and PreK-12 staff)	36
Number of students in supervised clinical experience during this academic year	24

Please provide any additional information about or descriptions of the supervised clinical experiences:

Section I.e Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2014-15. For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

Section I.f Program Completers

Provide the total number of teacher preparation program completers in each of the following academic years:

2014-15: 14

2013-14: 17

2012-13: 13

Section II Annual Goals - Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (**S205(a)(1)(A)(ii)**, **S206(a)**)

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in mathematics in each of three academic years.

Academic year 2014-15

Did your program prepare teachers in mathematics in 2014-15?

Yes

How many prospective teachers did your program plan to add in mathematics in 2014-15?

2

Did your program meet the goal for prospective teachers set in mathematics in 2014-15?

No

Description of strategies used to achieve goal, if applicable:

Strategies include maintaining our relationships with the undergraduate math department and especially encouraging students who are prepared in math to apply.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We implemented scholarships to encourage students in areas of need.

Provide any additional comments, exceptions and explanations below:

Academic year 2015-16

Is your program preparing teachers in mathematics in 2015-16?

Yes

How many prospective teachers did your program plan to add in mathematics in 2015-16?

3

Provide any additional comments, exceptions and explanations below:

We expect to exceed our goal this year.

Academic year 2016-17

Will your program prepare teachers in mathematics in 2016-17?

Yes

How many prospective teachers does your program plan to add in mathematics in 2016-17?

3

Provide any additional comments, exceptions and explanations below:

Again, because of the small size of our program, fluctuations in areas, particularly math, are expected. This year, we further advertised our Area of Need scholarship.

Section II Annual Goals - Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (**S205(a)(1)(A)(ii), S206(a)**)

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in science in each of three academic years.

Academic year 2014-15

Did your program prepare teachers in science in 2014-15?

Yes

How many prospective teachers did your program plan to add in science in 2014-15?

2

Did your program meet the goal for prospective teachers set in science in 2014-15?

No

Description of strategies used to achieve goal, if applicable:

Strategies include maintaining our relationships with the undergraduate science departments, particularly through divisional meetings, and especially encouraging students who are prepared in the sciences to apply.

Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

We continue to implement scholarships to encourage students in areas of need.

Provide any additional comments, exceptions and explanations below:

We did not meet our goal for science teachers in 2014-2015; because of our small size, particularly that year, we experience fluctuations in all areas.

Academic year 2015-16

Is your program preparing teachers in science in 2015-16?

Yes

How many prospective teachers did your program plan to add in science in 2015-16?

3

Provide any additional comments, exceptions and explanations below:

We expect to exceed our goal in the 2015-2016 year.

Academic year 2016-17

Will your program prepare teachers in science in 2016-17?

Yes

How many prospective teachers does your program plan to add in science in 2016-17?

3

Provide any additional comments, exceptions and explanations below:

We are on track to meet this goal.

Section II Annual Goals - Special Education

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. (***§205(a)(1)(A)(ii), §206(a)***)

Information about teacher shortage areas can be found at <http://www2.ed.gov/about/offices/list/ope/pol/tsa.html>.

Please provide the information below about your program's goals to increase the number of prospective teachers in special education in each of three academic years.

Section II Assurances

Please certify that your institution is in compliance with the following assurances. (\$205(a)(1)(A)(iii)**, **\$206(b)**) Note: Be prepared to provide documentation and evidence for your responses, when requested, to support the following assurances.**

Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.

Yes

Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.

Yes

Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.

NA

Prospective general education teachers are prepared to provide instruction to students with disabilities.

Yes

Prospective general education teachers are prepared to provide instruction to limited English proficient students.

Yes

Prospective general education teachers are prepared to provide instruction to students from low-income families.

Yes

Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.

Yes

Describe your institution’s most successful strategies in meeting the assurances listed above:

Earlham College Graduate Programs in Education remains in close contact with local schools and local school administrations through our advisory board and frequent visits. We are familiar with the needs of our local schools and will continue to look systematically at principal feedback concerning our graduates.

We prioritize exposing our teacher candidates to a variety of contexts and experiences.

Section IV Low-Performing

Provide the following information about the approval or accreditation of your teacher preparation program.

Is your teacher preparation program currently approved or accredited?

Yes

If yes, please specify the organization(s) that approved or accredited your program:

State

Is your teacher preparation program currently under a designation as "low-performing" by the state (as per section 207(a) of the HEA of 2008)?

No

Section V Use of Technology

Provide the following information about the use of technology in your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare teachers to:

- integrate technology effectively into curricula and instruction
Yes
- use technology effectively to collect data to improve teaching and learning
Yes
- use technology effectively to manage data to improve teaching and learning

Yes

- use technology effectively to analyze data to improve teaching and learning

Yes

Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

We embed technology use throughout the entire program so that our candidates not only learn how to use it but actually experience using a wide variety of technology, data, etc. with the express purpose of increasing student achievement.

We engage students with the concept of digital literacy, which they apply in practice during the summer middle school practicum.

All students learn how to use spreadsheet software and are required to compile, graph, and disaggregate data on student learning. Students are also introduced to Universal Design for Learning -- its history and current practices. The spring semester is concluded with an action research project based in their classroom and school. This project includes research of current literature, observations of students, planned and implemented action, and compilation and presentation of data and reflections.

Throughout the program, we model the use of Web 2.0 tools and require them to both use the tools to complete project of their own and to design projects that engage their students in using those tools to interact with content.

Section VI Teacher Training

Provide the following information about your teacher preparation program. Please note that choosing 'yes' indicates that your teacher preparation program would be able to provide evidence upon request.

Does your program prepare general education teachers to:

- teach students with disabilities effectively
Yes
- participate as a member of individualized education program teams
Yes
- teach students who are limited English proficient effectively
Yes

Provide a description of the evidence your program uses to show that it prepares general education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

Work with exceptionalities of all kinds is again embedded throughout the entire program. Our students learn from the beginning that to teach means to teach all students regardless of their learning issues. Our students see using a differentiated approach to teaching as simply good teaching. We spend a great deal of time in the summer and fall semesters learning about disabilities, English learners, and the individualized education plan process, and students apply their learning in their practicum and student teaching experiences.

Does your program prepare special education teachers to:

- teach students with disabilities effectively
NA
- participate as a member of individualized education program teams
NA
- teach students who are limited English proficient effectively
NA

Provide a description of the evidence your program uses to show that it prepares special education teachers to teach students with disabilities effectively, including training related to participation as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*, and to effectively teach students who are limited English proficient. Include planning activities and a timeline if any of the three elements listed above are not currently in place.

N/A

Section VII Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card. The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.
