

I'm interested in *Human Development
and Social Relations!*
What should I take this year?

Name of program: Human Development and Social Relations

First year students who are reasonably certain that they will major in this area or first year students who are still exploring many options, but are interested in perhaps further study in this area should take:

	<i>Required/Recommended</i>	<i>You might also consider....</i>
Fall	PSYC 115: Introduction to Psychological Perspectives And/or SOAN 118: Inequalities, Power & Society (or SOAN 115: Anthropology in a Global Age next semester)	
Spring	HDSR 239: Persons and Systems (strongly recommended) And/or SOAN 115: Anthropology in a Global Age (unless SOAN 118: Inequalities, Power & Society was taken last semester) or PSYC 115: Introduction to Psychological Perspectives (if not taken last semester)	

Does your department accept AP/IB courses for credit or advanced placement? If so, what scores qualify, and what placement is granted? **Ordinarily not, but student can petition to substitute some classes.**
