

I'm interested in *Psychology!* What should I take this year?

Name of program: **Psychology**

First year students who are reasonably certain that they will major in this area should take:

	<i>Required/ Recommended</i>	<i>You might also consider....</i>
Fall	PSYC 115: Introduction to Psychological Perspectives or PSYC 116: Behavior, Health Care & Society if you are interested in health professions and also taking CHEM 111: Principles of Chemistry)	
Spring	PSYC 210: Social Psychology	PSYC 245: Research Methods

First year students who are still exploring many options, but are interested in perhaps further study in this area should take:

	<i>Recommended</i>	<i>You might also consider....</i>
Fall	PSYC 115: Introduction to Psychological Perspectives or PSYC 116: Behavior, Health Care & Society if you are interested in health professions and also taking CHEM 111: Principles of Chemistry	
Spring	PSYC 115: Introduction to Psychological Perspectives (if PSYC 115 or 116 was not taken in the fall) or PSYC 210: Social Psychology	

*Does your department accept AP/IB courses for credit or advanced placement? **Yes***

*If so, what scores qualify, and what placement is granted? **On the AP Psychology exam, a score of 4 or 5 is the equivalent of PSYC 115. Pre-Health students with a 4 or 5 on the Psychology AP exam should take SOAN 115 or SOAN 118 before taking the MCAT.***
