

I'm interested in *Comparative Languages and Linguistics!*
 What should I take this year?

Name of program: Comparative Languages & Linguistics

First year students who are reasonably certain that they will major in this area should take:

	<i>Required/ Recommended</i>	<i>You might also consider....</i>
Fall	language course, wherever you were placed	If you have not started a second language, starting one.
Spring	language course, wherever you were placed	TSEO 344: Studies in Language Learning & Teaching (but absolutely not necessary this year) CLL 345:Linguistics or CLL:348 Sociolinguistics (but absolutely not necessary this year)

First year students who are still exploring many options, but are interested in perhaps further study in this area should take:

	<i>Recommended</i>	<i>You might also consider....</i>
Fall	language course, wherever you were placed	If you have not started a second language, starting one.
Spring	language course, wherever you were placed	TSEO 344: Studies in Language Learning & Teaching (but absolutely not necessary this year) CLL 345:Linguistics or CLL:348 Sociolinguistics (but absolutely not necessary this year)

Does your department accept AP/IB courses for credit or advanced placement? **No, but we place all students in languages they speak or have already studied.**
